

Dolphin Title of Brandon, Inc.

Notice of Privacy Policy

Dolphin Title of Brandon, Inc. (“Dolphin”) values its customers and is committed to protecting the privacy of personal information. In keeping with that philosophy, we have developed a Privacy Policy, set out below, that will ensure the continued protection of your nonpublic personal information and inform you about the measures Dolphin takes to safeguard that information.

Who is Covered?

We provide our Privacy Policy to each customer when they purchase a Dolphin title insurance policy. Generally, this means that the Privacy Policy is provided to the customer at the closing of the real estate transaction.

Information Collected

In the normal course of business and to provide the necessary services to our customers, we may obtain nonpublic personal information directly from the customer, from customer-related transactions, or from third parties such as our lenders, appraisers, surveyors, or other similar entities.

Access to Information

Access to all nonpublic personal information is limited to those employees who have a need to know in order to perform their jobs. These employees include, but are not limited to, those in departments such as processing, closing and post closing departments.

Information Sharing

Generally, Dolphin does not share nonpublic personal information that it collects with anyone other than its Underwriter, as needed to complete the real estate settlement services and issue its title insurance policy as requested by the consumer. Dolphin may share nonpublic personal information as permitted by law with entities with whom Dolphin has a joint marketing agreement. Entities with whom Dolphin would have a joint marketing agreement must agree to protect the privacy of our customer’s nonpublic personal information by utilizing similar precautions and security measures as Dolphin uses to protect this information and to use the information for lawful purposes. Dolphin, however, may share information as required by law in response to a subpoena, to a government regulatory agency or to prevent fraud.

Information Security

Dolphin, at all times, strives to maintain the confidentiality and integrity of the personal information in its possession and has instituted measures to guard against its unauthorized access. We maintain physical, electronic and procedural safeguards in compliance with federal standards to protect that information.
